

Worship Team Expedition

Week 2 Discussion Guide

At worship team rehearsal this week, take just a few minutes at the beginning to gather the team and talk through these questions. These group discussions will help you to encourage one another along the way and will provide accountability for the group. The head knowledge you pick up during these weeks will only go so far. **You'll really get traction to actually go to the next level when your behavior changes— for instance, walking more closely with Jesus and practicing!**

Each team member is important! 1 Thessalonians 5:11 says to "...encourage one another and build each other up." Take a few minutes as a group for this exercise: think of something you really appreciate about someone else on your team and tell that person...in front of everybody...right now! Don't be shy, brag on your teammates' contributions to the group. Let's encourage each other!

Peter compares the relationships on a team to a rope on a mountain climb. The rope provides connection and safety and each person's choices affect the others on the rope. What does the term "team player" mean to you and what does a team player do on a ministry team? What can a team accomplish that one person can't accomplish alone?

You've probably heard the phrase "walk in their shoes" which means to look at it from someone else's perspective. Have each person share one thing about themselves or their role on the team that others might be surprised to learn.

What is the most important thing you learned (or were reminded about) from the online materials (video, devotion, etc.) this last week? How can you/we put that into practice on our worship team?

And finally...

Did you read the devotional or spend regular time with Jesus this week?

How much time did you spend preparing for this week's worship set?
