Pastor & Worship Leader Key Conversation About Vision

This week we highly encourage the pastor and worship ministry leader(s) to sit together and have a conversation about vision. Even if you've already had a conversation like this, now is a great time to revisit this topic again because life, competing pressures, and time can erode vision. So, take some time to talk about the vision of your church and how that translates into the vision for the worship ministry in your church. Talking through these questions together, really listening to each other, and seeking God's face are vital to the success of your ministry!

What is the vision of our church?

What is the vision of the worship ministry in our church?

Clarify the win- what does success look like here? How do we know we nailed it?

What are the 2 or 3 most important things to do now?

What problem are we trying to solve?

How relationally healthy and aligned behind the vision do you feel our team is?

“Walk in their shoes” for a minute (look at it from another's perspective):
Worship Leader– ask your pastor: what are a few of the most important things that I can do to support you and reinforce the vision of this church?

Pastor– ask your worship leader: what do you need most from me, how can I help support you and the worship ministry?

Pray together to end the conversation. Ask God to keep making the vision for your church very clear and pray for unity behind that vision.
